2011-12 CANCELLATION AND REFUND POLICY

Refund guidelines for student withdrawal/dismissal:

1. A student must withdraw from the program in person or send the Registrar a withdrawal letter via United States Postal Service certified mail (or equivalent, if international) or via a courier service using a tracking number.
2. Tuition refunds are calculated pro rata and are based on the percentage of completion. All monies (tuition) will be refunded if the School does not accept applicant or if applicant withdraws application within three (3) business days after the application and payment are accepted by the School. After 3 business days, \$50.00 of all monies paid is nonrefundable. Thus, tuition refunds are calculated based on the following refund chart after subtracting \$50.00 from all monies paid.
3. Cancellation after attendance has begun, but prior to 40% completion of the program, will result in a pro rata refund computed on the number of hours completed to the total program hours.
4. Cancellation after completing 40% of the program will result in no refund.
5. The termination date for refund computation purposes is the last date of actual attendance of Resident Training.
6. Refunds will be made within 30 days of termination or receipt of cancellation notice.
7. A student can be dismissed at the discretion of the School Official for insufficient progress, nonpayment of costs, or failure to comply with School standards and policies.
